

## BRIDGE SAW MACHINE

### CHARACTERISTICS

**MANTA ED 120-150-200 SPECIAL** is a rugged and inexpensive machine guaranteeing an extremely accurate cutting. Head sliding on two chromium-plated and ground bars by means of linear ball-bearings. It is equipped with a submersible pump placed inside the base to collect the water cooling the blade. Vertical head motion by means of a handwheel for a fast and stable adjustment. Tilting head for 45° cuts. Integrated angle legs.

**ACCESSORIES:** Adjustable stop, set of servicing wrenches, holes for machine hoisting.

**OPTIONALS:** Diamond cutting blade, side stop, diagonal square, side table, battery laser pointer.
