

## MANUAL TILE CUTTER

### CHARACTERISTICS

**MASTERPIUMA BP**, this range of professional machines can cut all types of tiles, with a thickness of 0-20 mm, quickly and precisely.

Using the ergonomic grip, the incision is carried out by a "pushing system".

The structure is in die-cast aluminium and nickel-plated steel for maximum strength and weather-resistance; These are very light tile cutters, from only 9 to 20kg with a titanium wheel, perfect to operate cuts in porcelain-gres, ceramic, mosaic and glass tiles.

Masterpiuma bp is available in multiple sizes: 63 cm – 75 cm – 93 cm – 125 cm & 155 cm.
